LWML 'Clean Sweep'

We have set the next 'Clean Sweep' work date for June 19th, starting at 9:00 am! The first session was very successful, but more remains to be done. Share in the fun of sorting, recycling, and tossing out outdated materials. We will focus on old Sunday School materials, outdated church materials, etc., sprucing up the classrooms, youth room, and bookshelves.

You'll see a cart in the narthex that holds some items that we're offering out to anyone. Check it out – take what you might want – in 2 weeks any remaining items will be trashed.

We have many VHS tapes scattered around the church bookshelves. This is outdated media that is no longer supported within our congregation – we plan to send all VHS tapes to be recycled, however, if anyone in the congregation still uses VHS – or knows someone who would use these tapes – PLEASE take what you would like from the shelves ASAP. After July 1, the remaining VHS tapes will be recycled.
